Partnering Parents

1 Respectful
Communication

2 Role Models

3 Real Connections

Home-School Partnership

Supporting Your Child's Attendance and Learning Routine

- Attendance is critical. Do ensure that your child attends school daily except when he/she is unwell. Doctor's medical certificate must be provided where possible;
- Teachers will communicate and coordinate on the amount of homework to be given per day / school holidays;
- Ensure that your child has a proper breakfast at home before coming to school. A snack break will be given in class before/after recess.

Home-School Partnership

Compliance with MOE attendance guidelines

- For absences that are festival or religion-related, they will be classified as “Absent without Valid Reason”. However, an exception is made for absences associated with funeral rites, which may be considered as valid on compassionate grounds.
- For absences due to valid reasons and covered by a parent’s letter or email, schools will mark these as “Absent with Valid Reason (Private)”. Please note that the school will accept no more than 10 parents’ letters or emails per year for such cases.

Home-School Partnership

Punctuality for School

- Inculcating the value of responsibility by being punctual – report to school by **7.30 a.m.**
- Understanding consequences
 - ➔ Late coming: arriving after **7.30 a.m.**
 - ➔ After the 3rd instance of late coming, parents will be contacted
 - ➔ After the 6th instance of late coming, School-Parent conferencing will be arranged
 - ➔ After the 10th instance of late coming, a warning letter will be issued. For persistent late coming, conduct grade will be affected.

Home-School Partnership

School Discipline and Tone

- The school should be a safe environment for all students to learn in;
- In order for the students to feel safe (physically and psychologically), consequences will be meted out for misbehaviour, including bullying, use of physical force and use of hurtful words/vulgarity;
- We would like to work together in strong partnership with all parents in order to ensure that the school remains a safe place for students to learn and grow in.

Home-School Partnership

Parents as Key Partners in Your Child's Development

- Monitor usage of screen time by children;
- Celebrate your child's successes, both big and small;
- Provide your child with support and encouragement;
- Make time to find out about your child's day;
- Praise your child as a kind word goes a long way!

New MOH guidelines on screen use for children under 12

7 TO 12 YEARS

- Limit screen use to less than 2 hours a day, unless related to schoolwork
- Develop a screen use plan or timetable
- Have regular conversations with children to find out their online activities
- Do not give children mobile devices with unrestricted access
- Use parental control settings to ensure children access age-appropriate content and apps
- Do not give children access to social media services
- No screens during meals and 1 hour before bedtime

SOURCE: MINISTRY OF HEALTH

Here's how you can delay and limit screen time for your child:

#1 Set Rules on Screen Time

#2 Use Parental Controls to Limit Screen Time

#3 Keep an Eye On It

#4 Offer Alternative Activities

#5 No Means No

Home-School Partnership

Usage of devices

- All mobile devices, such as handphones and smart wearables (devices capable of advanced functions such as wireless communication - messaging, calling, social media, apps and photo or video capture), are to be switched off and kept in bags during lessons.
- Fitness tracker with only simple functions such as time-telling and fitness tracking (eg. HPB Steps Tracker and POSB Smart Buddy Watch) are allowed.
- Refrain from texting your child during lesson time.
- Contact the General Office if you need to reach your child.

Engagement Charter

- The partnership between schools and parents is an essential one.
- By promoting mutual courtesy and respect in our interactions with each other, we can be good role models for our children and build authentic partnerships that will better benefit our children.

Encourage Joy of Learning!

- not over-emphasising academic performance
- focus on your child's learning journey, rather than compare them to others

Don't focus only on results

Encourage them to pursue their strengths, interests and try new things.

Set goals together

Talk about their strengths, abilities and goals and how they can achieve them.

Don't compare

celebrate their successes instead of comparing with others.

Give our children the time and space to deepen learning

Assessment Matters

Assessment Overview (Semester 1)

MYTH

Without exams, I do not know how to support my child in his learning.

FACT:

Instead of periods of last-minute cramming for exams, assessments conducted at regular checkpoints can provide our children with ongoing opportunities to check on and consolidate their learning as they go.

Help your child stay on top of revision by:

- Talking to your child to find out about his/her “day-to-day” learning experience in school. This will help your child reflect on his/her learning, and help him/her remember the lesson better.

QUESTION

How can I be kept updated of my child's learning progress in school?

Instead of relying on just marks from a few assessment points, you can draw different sources of information on your child's learning progress via:

- Teachers' written feedback provided through classroom assessment practices such as in-class work, homework, projects and class tests;
- Teachers' meetings with parents;
- Holistic Development Profile also known as the 'report book'.

Reporting P1 and P2 Students' Learning Progress in the Holistic Development Profile

- Primary schools have been reporting students' learning progress based on a list of learning outcomes (LOs), using a common set of qualitative descriptors (QDs) for all subjects.
- Learning Outcomes are subject-specific and aligned to the subject syllabus.
- This helps parents focus on their child's learning progress in each subject in relation to the intended LOs.
- 4-level QDs: Beginning; Developing; Competent; Accomplished.

[An example] Learning Outcomes – Mathematics

Primary 1

1. Understand numbers up to hundred.
2. Understand addition and subtraction.
3. Add and subtract numbers.
4. Understand multiplication and division.
5. Identify, name, describe and sort shapes.
6. Tell time to 5 minutes.
7. Measure and compare lengths of objects.
8. Read and interpret picture graphs.

Primary 2

1. Understand numbers up to thousand.
2. Solve mathematical problems involving addition and subtraction.
3. Multiply and divide numbers within multiplication tables.
4. Identify, name, describe and sort shapes and objects.
5. Tell time to 5 minutes.
6. Compare and order objects by length, mass, or volume.
7. Read and interpret picture graphs with scales.
8. Understand fractions.

Learning Dispositions (Primary 1 & 2)

- Learning Dispositions (LDs) are positive behaviours and attitudes towards learning.

Background

- The removal of all weighted assessments will affect the selection of Edusave Academic Awards for lower primary students
- Important to retain such awards, as they celebrate a child's success and learning milestones
- P1, P2 EMB and P2, P3 GPA will instead be awarded based on qualitative judgement of a student's learning dispositions
 - Signals the importance of cultivating the right learning dispositions and values from young

2024 Primary MTL Curriculum Framework

1. The New Primary MTL Curriculum which was implemented in 2024 starting with Primary 1, **builds on the strengths of the 2015 curriculum.**
2. The new curriculum will place greater focus on helping students to **experience the joy of learning MTL**, so as to motivate them to like and learn MTL for life.

Joyful Learning, Confident User

2024 New Primary MTL Curriculum Framework

Key Feature #1

Greater emphasis on 21st century competencies

Textbook

Cross-Cultural Literacy

- Learning about the making of lumpia (Philippines' version of popiah)

Big Book

Civic and Cross-Cultural Literacy

- Comparing spinning tops in Singapore and other countries (Malaysia, China and India)

Key Feature #2

Support students through visual, auditory and kinesthetic learning methods

TL Digital Resource: Reading Pen

- Reinforce learning of TL letters
- Learn correct pronunciation of letters
- Promote self-directed learning
- Create more joyful learning experiences

Printed Resource: Spot the Difference Game

- To learn by playing
- To improve word recognition by associating with pictures/visuals

Key Feature #3

Authentic contexts and materials

- Settings and contexts that students can relate to and to encourage them to use what they have learnt in their daily lives.

Textbook

- Students to describe and share their daily routines and good habits with their friends.

- Students to learn about canteen food and vocabulary they can use in conversations.

Key Feature #3

Support students through visual, auditory and kinesthetic learning methods

Available in SLS

Digital Resource: e-Big Books with interactive features to develop Oracy Skills, and to promote reading at home

Key Feature #4

Use of technology to sustain interest and encourage self-directed learning

P3 & P4

Higher Mother Tongue Languages

Information Session for Lower Primary Parents

Overview:

- Learning a Mother Tongue Language in primary school
- Purpose of Offering Higher Mother Tongue Language (HMTL)
- Selection guidelines
- Key features of P3 & P4 HMTL curriculum
- HMTL Lessons
- Assessment
- Benefits of taking HMTL from P3 and other related issues

Learning a Mother Tongue Language in primary school

Mother Tongue Language (MTL) is offered in Singapore schools as a second language.

The Mother Tongue Language curriculum focuses on listening, speaking, reading, writing and interaction skills. It is tailored to your child's abilities and offered in the following modules:

Core module: for all primary school students.

Bridging/reinforcement module: if your child needs more help in the language.

Enrichment module: if your child has a higher aptitude for learning the language.

What is the purpose of offering HMTL?

Higher Mother Tongue Language (HMTL) has been officially offered at P5 and P6 since 1992 for students who showed strong proficiency and interest in Mother Tongue Language (MTL).

To further strengthen the learning of MTL from an early age, primary schools can offer HMTL across the 3 official MTLs from P3 starting in 2022.

What is the purpose of offering P3 and P4 HMTLs?

It is designed to enthuse P3 and P4 students who demonstrate the ability and interest to develop higher levels of MTL language proficiency and cultural knowledge.

What is the Criteria?

1

For P3 entry:

The school will use a set of qualitative descriptors (QDs) based on the P2 Mother Tongue Languages Learning Outcomes to determine students' MTL proficiency. Students offering HMTL at P3 and P4 should **be proficient across all the outcomes.**

What is the Criteria?

2

Evidence of students' performance throughout the year

Gathered information about students' learning through checkpoints such as on-going assessments or alternative assessments to further provide information on students' learning progress and inclination.

What is the Criteria?

Teachers' feedback and observations

To cover a whole range of performance, additional information about student's learning can be gathered from class discussions, class work and homework.

Key Features of P3 & P4 HMTL Curriculum

Built on existing MTL curriculum:

Sustain students' interest and deepen their knowledge in their MTL

Enhance Reading and Writing skills

Expose students to age-appropriate literary texts

Literary-based text. Incorporation of age-appropriate literary-based text to provide an enjoyable early experience to ethnic literature.

Exposure to higher-order thinking exercises e.g. Enhance reasoning skills by eliciting students' response during classroom activities and discussions; Construction of new knowledge by making meaningful connections between texts and students' lives.

Creative and fun-filled activities and games to teach language and cultural knowledge. To sustain interest and extend knowledge.

How are lessons carried out for HMTL at P3 and P4 level?

As the curriculum includes literary-based text, **two additional periods per week in the afternoon** would be required to provide an enjoyable early experience to ethnic literature and cultural knowledge.

How would assessment look like for HMTL at P3 and P4 level for my child?

HMTL at P3 and P4 will be reflected as a non-weighted assessment. Non-weighted assessment refers to assessments where the scores will not form part of the computation of a student's overall results in a subject for the year. There will be no changes in the major exams.

The schools would also indicate your child's progress in HMTL in the Holistic Development Profile.

How will my child benefit from the offering of HMTL?

Offering of HMTL will encourage your child with strong interest and aptitude in Mother Tongue Languages **to start early and learn MTL to as high a level as he/she can.**

Can my child still offer HMTL at upper primary levels even if he/she did not offer it at P3 and P4 level?

Your child could still offer HMTL at P5 and P6 level when he/she builds stronger proficiency and interest. You are strongly encouraged to discuss with the school which course best suits the need of your child.

If my child decides to discontinue with HMTL during P3 or P4, will he/she be allowed to drop out?

To truly benefit from the HMTL curriculum at P3, he/she should offer HMTL for at least two years to ascertain his/her ability to cope with it.

Semester 1	Draw to express curiosity, ideas and things that relate to personal interests and experiences	Explore and use visual qualities, materials and artistic processes to share personal interests, imagination and curiosity in their art making	Show and talk about their artworks using appropriate art vocabulary	
Semester 2	Identify simple visual qualities in what they see around them	Play with a variety of materials and tools to create different effects in their art	Collect artefacts/learning evidence for portfolio based on given criteria	Discuss and relate artworks created by others to their own artworks and experiences

Music Education Syllabus

There are three Learning Outcomes (LOs) across the four key stages which are anchored on the Musical Processes of Listening, Creating and Performing described in the Music Curriculum Concept:

- LO1: Listen and Respond to Music
- LO2: Create Music in both vocal and instrumental settings, individually and collaboratively
- LO3: Perform Music in both vocal and instrumental settings, individually and collaboratively where students respectively:
 - A. Sing
 - B. Play Instruments

A Note to Parents/Guardians:

Tips for Building Your Child's/Ward's EMOTIONAL STRENGTHS

- 1 Take time to actively notice and name your child's/ward's emotions together.
- 2 Connect with your child/ward on an emotional level.
Eg. Make talking about their feelings a natural part of conversations.
- 3 Embrace all of your child's/ward's emotions (avoid being dismissive or disapproving).
- 4 Discuss how your child/ward can manage his/her negative emotions.
Eg. Practise the breathing or squeezing exercise.
- 5 Role model how you manage your emotions appropriately.
Eg. Calmly admit that you are upset and take a 10-minute time-out.
- 6 Encourage your child/ward to persevere through challenges even though there may be uncomfortable feelings.
- 7 Guide your child/ward to accept situations that he/she cannot change.
- 8 Have your child/ward share three things that he/she feels thankful about each day.
